"Smells a little sweet but has all the Prosecco details. Pear fruit, flowers, a touch of apple core, some mineral hints and a touch of ginseng. A bit coarse in the mouth, but not terribly effervescent, which makes this friendly and easy to drink. The fruit is bright with lime and pineapple accents to the core of pear which is lightly etched with mineral. More pear skin on the finish is joined with by a hint of herb and ginseng. This is all I want from a Prosecco."
